

CHAMBER OF COMMERCE BACKS PLAN TO ERECT FIFTY HOMES IN OGDEN

A report made by a committee on housing in Ogden city, was presented to the Ogden chamber of commerce by O. J. Stilwell, secretary, at noon today. Its consideration resulted in a motion adopted unanimously whereby a subsidiary corporation acting under the auspices and with the moral backing of the chamber will draw up articles of incorporation and go into the business of reducing the overcrowded condition of Ogden city.

One responsible business man whose employees have found it difficult to secure homes here is ready to contract for the erection of twelve three-room houses in West Ogden at a cost of 10 per cent above the actual cost of erection.

Discussion in the chamber this noon brought out the strongly expressed opinion that it would not be wise for the chamber of commerce to pledge its property and credit in order to go into any kind of commercial activity and that the proposal made by the housing committee is so fair and reasonable, and its aims so advantageous for the community, that it ought not altogether to be lost. It was decided that the better method would be for the committee to see the financial backers again and go thoroughly into the matter of drawing up articles of incorporation for a company to go into the house building business with the moral support and continual oversight of the local chamber of commerce.

READY TO LIFT EMBARGO HERE

With strike conditions reported the same concerning switchmen of the Ogden Union Railway and Depot company, little change is noticeable in Ogden yards today, officials of the company report. Switchmen claim that four men who had returned to work had rejoined the ranks of the insurgents because they had been given the impression that all the strikers would return to work.

Officials of the company denied this morning that any men who had reported for work had quit again. The Salt Lake division of the Southern Pacific, it was announced this morning, has been opened up between Ogden and San Francisco. Yesterday's report indicated that the line had been opened between Sparks and Ogden.

P. C. Smith, assistant superintendent of the Salt Lake division said that the company was now ready to lift all embargoes on freight that eastern roads would be in a position to handle. With the opening of the Southern Pacific line to San Francisco, freight traffic between Omaha and San Francisco will be resumed, it is stated, no trouble existing at any point between these two cities except at Ogden.

Mr. Smith announced that several trains of freight were now being held because eastern roads were not in a position to handle them.

Announcements made by officials of the Oregon Short Line company last night indicate that embargoes on freight at the Pocatello and Salt Lake yards, and a partial lifting of the embargo at the Ogden yards was expected today.

Railroads coming into Ogden were reported to be nearing normal conditions, the Ogden Union Railway and Depot company, which has charge of the Ogden yards, being the only company that is experiencing acute labor trouble at present. Relief of the present situation is expected within a day or so, officials state.

While more than a third of the switchmen usually employed in the local yards have signified no willingness to return, the present crew is

SCHOOL CHILDREN TO HOLD KITE TOURNAMENT IN MONROE PARK ON MAY 8; SEVERAL AWARDS OFFERED

"Oh, boy ain't this the news though? To fly a kite on a fine day and praps win a prize for doin' it. Who wouldn't lie on his back in Monroe park with the warm sun makin' things pleasant for a chance like this?"

Ogden is to celebrate its first annual kite tournament shortly, and it comes about by reason of the work that has been done in the manual training departments of the city schools and here's all about it as Supt. W. Karl Hopkins gave it out to the newspapers this morning:

First Annual Kite Tournament. The first annual kite tournament of the Ogden City schools will be held Saturday, May 8, at Monroe park.

Events—Most beautiful or artistic kite, first prize, boy Mechanics' Book I; second prize, plane.

Most odd or unique kite—(Man, box, animal, bird, kite etc.) first prize, boy Mechanics' Book II; second prize, plane.

Quarter mile dash (800 feet), first prize, boy Mechanics' Book III; second prize, Puzzle outfit.

Strongest Puller, first prize Book

"Kitecraft"; second prize, plane. All kites must be able to fly. Kites may be in the air at 2 p. m. and judgments will begin at 3 p. m.

Quarter mile dash. The string must be 300 feet long. One helper will be allowed to act as starter, but each individual must pull his own kite in, and wind his string unassisted. Any mechanical means will be allowed for winding in kites.

Two tests will be given each kite in judging for the strongest puller, and the average counted.

There are books in the library concerning the making of kites. A contestant may not enter more than one kite in each of the events. Contestants must be enrolled in the 7th and 8th grades of the City schools, and must register with their instructor on or before May 5, otherwise he will not be eligible.

Judges: Principal Adams, Board Member R. H. Hodge.

To award prizes—Supt. W. Karl Hopkins.

adequate to handle present business, according to reports.

Telegraphic dispatches received at railroad offices indicated that the general tendency of strikers in many sections of the country, is to return to work and abide by the decision of the wage board at Washington.

CARD OF THANKS

The loving sympathy of relatives and friends extended during our recent bereavement in the demise of our beloved Beatrice Irene, was a source of great comfort, and we desire hereby to express our heartfelt thanks. Especially are we thankful to those who furnished the music, spoke words of comfort, sent beautiful floral tokens and provided automobiles for the funeral.

Sincerely,
FRANK L. SCOVILLE,
AND FAMILY.

CITY OFFICIALS DON OLD CLOTHES TO FIGHT H. C. L.

The wearing of old clothes instead of overalls as a protest against the high cost of clothing will be advocated, and the plan will be put into action by Mayor Frank Francis, members of the city commission and all city employees, according to an announcement made today by Mayor Francis.

The original plan of a "overall" club, which was formed at the city hall, has been necessarily disbanded through the failure of the members to procure the denims. An effort was made to procure enough overalls to clothe the members of the club this morning, but it was found that it will take several days to fill the order.

In the meantime the city employees will be urged to wear their old clothing until the overall order can be filled or the price of clothing falls.

"With the idea firmly in mind of wearing overalls, an effort was made to procure the denims for our club," Mayor Francis said, "but we discovered that the manufacturer is far behind in orders, and to demand immediate delivery would mean the working of hardship on working people who need them in their employment. If we can procure them without depriving these people, we will wear them at the first opportunity," Mayor Francis declared.

LIFT OFF CORNS WITH FINGERS

Doesn't hurt a bit and costs only few cents

Magic! Just drop a little Freezone on that touchy corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No humbug! Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.—Advertisement.

Sensible Method of Removing Wrinkles

If crow's feet appear prematurely about the eyes, apply a lotion made by dissolving an ounce of axolite in a half pint of witch hazel. This is the best, quickest-acting treatment known, as it tends to restore normal conditions. It tightens and strengthens the skin, likewise the underlying tissue, the loosening and softening of which are the cause of a wrinkled condition. It also has a tonic effect which not only aids in the same direction but, by improving capillary circulation, helps to bring a healthy color to the face.

The same solution, acting as it does, naturally affects not only every wrinkle line, but hanging or fishy cheeks and chin, as well. When your face wears a tired expression, bathe it with this refreshing, revitalizing liquid. Tell the druggist you want powdered axolite.

How To Gain Flesh

A simple but sure way to increase the weight, it is asserted by several well known physicians, is to take regularly for several months, one or two 3 grain hypo-nutrient tablets after each meal. These little tablets have the distinguished merit of increasing the red and white blood corpuscles, aiding digestion and promoting the assimilation and absorption of the elements of the food which go to make blood and solid tissues. They are obtainable in packages from well stocked apothecary shops.
